

# U. S. MARINES ORDERED TO LAND IN CHINA

## BRITISH, ITALIANS AND FRENCH WILL ALSO ADD TROOPS

### Move Made to Protect Foreign Interests Against Fighting Factions of Chinese Volunteer Corps of Foreigners Are Given Orders to Mobilize to Help if Needed

SHANGHAI, Sept. 9. (AP)—3:00 A. M.—Eleven hundred marines from foreign warships this morning were ordered to land in Shanghai at 4:00 A. M., and take up defensive positions on the boundaries of the International settlement.

The order for the landing of the marines followed a new assault in the railway sector directly west of the city, bringing the fighting nearer than it had been before in a week of fighting between troops of the rival Tuchuns of Kiangsu and Chekiang.

Marines were ordered to land as follows:

Representing the United States 250.

Representing Great Britain 460.

Representing Japan 400.

Representing Italy 400.

At the same time the volunteer corps was ordered to mobilize at 6 a. m. Headquarters of General Lu Yung-Hsiang, commander of the Chekiang forces admitted that the Kiangsu army had launched a heavy night attack along the railway.

Official circles in the international settlement do not expect any difficulty, but whatever happens, plan to be prepared to deal with either advancing or retreating their soldiery.

## COTTON FUTURES NOW FEATURE ON CHICAGO EXCHANGE

### Approval Given to Make Chicago One of Main Markets

CHICAGO, Sept. 8. (AP)—Chicago's rise as the "farm capital" of America was given further impetus today by the decision to establish a cotton futures market on the Chicago Board of Trade.

By a referendum of the members of the association adopted a new set of rules which provide for the creation of a futures market in cotton on the floor of the exchange.

Steps will be taken at once to put the market into operation President Frank L. Carey declared in a statement tonight. Trading will probably begin October 10.

For several years the advisability of a cotton market in this section of the country has been stressed by business leaders. Because of its existing marketing machinery the Chicago Board of Trade was deemed the logical point for such a market.

After a series of inquiries and informal discussions lasting over a period of a year, it was decided to make Houston and Galveston joint port of delivery on Chicago contracts. New rules adopted today were then drawn up and approved by the Bureau of Economics, Department of Agriculture and by legal counsel before being posted for ballot.

These rules are in strict compliance with the provisions of the cotton futures act under which the market will function.

Likewise they harmonize with the rules of the New York and New Orleans cotton exchanges.

Economists have referred to the proposed cotton futures market as the most important marketing development here in years. There can be no doubt that it will serve a high purpose. This principle of futures trading is universally approved. Futures trading is of greatest service when a broad liquid market is maintained. Prices then register as are based solely on supply and demand.

It is confidently believed that the new facilities at Chicago will bring about a very liquid market of high value to all directly or indirectly interested in the cotton industry.

**IN PRIVATE PRACTICE.**  
Thomas F. Smith, former resident of Jacksonville, recently resigned his position as assistant U. S. district attorney and resumed the practice of law. Mr. Smith as a prosecutor specialized in the drawing of indictments and made an excellent record.

## FRANKS VERDICT ALL READY FOR COURT OPENING

### In Keeping of Stenographer—Public Will be Barred

CHICAGO, Sept. 8. (AP)—Somewhere in Chicago today a trusted stenographer transcribed the thousand words comprising the decision which will send Nathan Leopold, Jr., and Richard Loeb either to the gallows or to the penitentiary for life.

Only Judge John R. Caverly and his employee knew the fate to be meted out to the youthful slayers of Bobby Franks. The stenographer has been sworn to secrecy and will not appear publicly until a few minutes before 9:30 a. m. Wednesday when Loeb and Leopold will be called before the bar to hear sentence passed.

Judge Caverly wrote the document Sunday. It contains neither the formal sentence he has decided upon nor an extended review of the case. The latter is unnecessary the jurist indicated and he will write the actual sentence shortly before taking the bench day after tomorrow. None but persons essential to the conduct of the court, relatives of the accused boys and of Robert Franks, and newspapermen will be permitted within the court room Wednesday morning. Elaborate precautions have been taken to bar out all others. The curious who thronged the criminal courts building and who literally fought to obtain an opportunity to hear the legal struggle during the recent hearing will not be allowed even in the vicinity of the building.

Opening of other courts will be delayed until the Franks case session, expected to last about thirty minutes has been concluded.

**Loeb Nervous.**

Nervous lines were drawn over Loeb's face today as he was interviewed in his cell. He smoked cigarette after cigarette as he denied to callers that he was worried over the prospects that Wednesday holds for him.

"I am not worried," he said, "why should I worry?" Would that change the decision of the judge? From day to day I've known the sentence was coming. And whatever it is, there will be no surprise."

Loeb arrived from the jail barber shop as the interview was being conducted.

"Nothing new to say," he announced, "just the same old sentiments. No, I don't feel nervous."

They consented to have their photographs taken. Loeb however, delaying the ceremony a few minutes until he had found the perfect coat to wear.

The exact procedure to be followed after Judge Caverly reads his statement will be entirely discretionary with the court, Assistant State's Attorney Joseph A. Tamm.

"There are no hard and fast legal precedents for the order in which motions are to be made in such a case," he said. "If the judge indicates before pronouncing sentence what it will be, the motions may be brought up then. There will be another opportunity afterward. The court has full power."

## SIX MEN OF HERRIN UNDER INDICTMENT WILL FURNISH BOND

Are Held on Charges of Impersonation of Federal  
Officers

HERRIN, Ill., Sept. 6. (AP)—Six men indicted by the grand jury on charges of having impersonated federal officers in connection with a series of liquor raids conducted last week by the Ku Klux Klan in Williamson county have left here to give bonds.

They were Carl Nelson reputably the local Klan; Harry Walker, deputy sheriff; Robert Randy, Klansmen; Sam Childers, Earl Rundleman and Abe Hicks, city police magistrate.

There is also talk of Dr. Sun Yat Sen taking hand on the side of Chekiang, but Sun has for some time been in low waters financially and General Chen Chung-Ming, Kwantung military leader supported by Wu, has been awaiting an opportunity to enter Canton, Sun's city. The latter therefore probably has his hands full at home.

## HERRIN WANTS TROOPS TO REMAIN ON DUTY

HERRIN, Ill., Sept. 8. (AP)—The small detachment of militiamen stationed here, will probably remain indefinitely, Captain Harold M. Bigelow, said late tonight, following a telephone conversation with Adjutant General Black at Springfield.

The announcement came somewhat as a surprise to Herrin citizens in as much as Captain Bigelow, commanding the troops here had announced earlier in the day that the soldiers would be withdrawn tomorrow. The change in plans came, Captain Bigelow said, after the receipts by Adjutant General Black of a telegram from Acting Sheriff Randall Park at Marion, in which the latter protested against the withdrawal and predicted a renewal of hostilities if such action was taken.

Captain Bigelow said it was his understanding the troops were to remain only until such time as conditions were quiet here following the outbreak, August 31, last, between members of the Ku Klux Klan and their opponents including the county sheriff in which six men were killed.

"That time has come," the captain said.

Tonight at a meeting of the local council of eight aldermen, what is considered by Herrin citizens as a great advance toward peace in the city at least, was reached, when the council con-

cluded both appointments, with the exception of one man, John Ford, former chief of police. It was also decided to pay these men their back pay from May. M. A. Walker was appointed chief of police and his son, Harry Walker, assistant chief. Herrin now has nine police officers.

The meeting tonight was quietly conducted, and as predicted here, marked a great advance toward local law enforcement.

## TWO MEN IDENTIFIED AS ROBBERS OF BANK AT VENICE JULY 7TH

Pair Claiming Home in Sedalia, Mo., Picked up in Belleville

BELLEVILLE, Ill., Sept. 8.—J. A. Lunsford, 23, and J. W. Roach, 32, both claiming Sedalia, Mo., as their home were inadmitted at the county jail here today as two of the men who robbed the Venice State Bank at Venice, Ill., July 7, last, of \$12,500. Lunsford was also identified as a participant in the robbery of the First National bank at Freeburg, Ill., August 23, when \$10,500 was taken.

Lunsford and Roach were arrested Saturday afternoon by Deputy Sheriff Joseph G. Schreider in East St. Louis, Ill.

Schrader has been engaged by the St. Clair County Bankers' association to aid in the campaign to put a stop to the numerous bank robberies in this section of Illinois.

He returned Friday from Jonesboro, Ark., with Ralph Southard and W. M. Mason, both wanted for the Freeburg robbery.

Lunsford and Roach were riding in an automobile with two other men and three women when they were arrested. The seven persons in the party were arrested. The women were later released but the two other men are held as suspects in recent robberies in this county.

"Nothing new to say," he announced, "just the same old sentiments. No, I don't feel nervous."

They consented to have their photographs taken. Lunsford however, delaying the ceremony a few minutes until he had found the perfect coat to wear.

## CAPPER WILL TAKE STUMP FOR COOLIDGE

CHICAGO, Sept. 8.—Senator Arthur Capper of Kansas who has been resting in Massachusetts, today arranged to begin a speaking itinerary for Coolidge on or after September 20. He expects to speak continuously until the end of October, probably in Kansas, Nebraska and Oklahoma. He will be in Topeka all this week. He was to leave tonight for Topeka in company with former Governor Frank O. Lowden of Illinois, who is to speak at the state fair there tomorrow.

Senator Capper will speak at the fair later in the week. Mr. Lowden also conferred at the speakers' bureau as he is to speak for the Coolidge-Dawes ticket in the course of the campaign.

WORKMEN KILLED BY  
GAS FUMES IN WELL

CHICAGO, Sept. 8.—Two workmen were killed and a third severely injured he may die when overcome by gas fumes in a well being drilled at Downers Grove, Ill., a suburb today.

Arthur Zeibler, an employee of the Kelly Well company of Michigan, was overcome when he started to descend into the 60 foot hole and fell into the bottom.

Charles Warner, a fellow employee went into the well to rescue Zeibler and was asphyxiated and a third workman went to help his two companions was rescued after being overcome. He is in a serious condition in a hospital at Hinsdale.

Miss Alice Mathis has returned to the city after an extended tour thru California, Oregon and other western states.

## LEWIS SELECTED BY COOLIDGE AS TARIFF MEMBER

### MARYLAND DEMOCRAT APPOINTED TO PLACE ON COMMISSION

WASHINGTON, Sept. 8. (AP)—A long list of callers for discussion of government and political questions today kept President Coolidge busy at his desk and late in the afternoon he announced the re-appointment of David J. Lewis of Maryland, Democratic member of the tariff commission.

Considerable interest has been shown in the tariff commission vacancy in view of the split on the commission over the sugar duty. Mr. Lewis is understood to have been one of those signing the majority report of the commission favoring a reduction in the sugar duty. Final action on the sugar report is up to the president but in view of the completed situation he is said to have asked for further data from the commission and other government agencies.

Reports on the political situation were presented to Mr. Coolidge by Senator Moses, chairman of the Senate Republican campaign committee, Senator Sterling of South Dakota and Rhinelander Waldo, former police commissioner of New York. Frank O. Munsey newspaper publisher was a luncheon guest at the White House Senator Moses, who has just returned from national committee headquarters in Chicago advised that the campaign attack be centered in Senator LaFollette, independent candidate.

President Coolidge expects to remain close to his desk for the next two weeks prior to his address before the Holy Name Society convention here. Meanwhile he will survey the results of primary elections and the reaction to his two speeches of last week.

In this connection, Senator Bruce, Democrat of Maryland, congratulated the president to-day on his defense of the supreme court in his address Saturday at Baltimore.

In this connection, Senator Bruce, Democrat of Maryland, congratulated the president to-day on his defense of the supreme court in his address Saturday at Baltimore.

Mr. Lewis' reappointment to the tariff commission is for the recess of Congress only, but it is understood the president plans to nominate him for the twelve year term when the Senate reconvenes.

He has been aligned with Vice-Chairman Culbertson and Commissioner Costigan, a Republican in a number of controversies with the commission, while Commissioners Burgess, Republican and Glassie have stood with Chairman Marvin.

Commissioner Glassie's term next to expire continues until 1926.

**TOURISTS ASK TO  
RETURN ON ZR-3**

FREDRICKSHAFEN, Germany, Sept. 8. (AP)—Hundreds of telegrams and letters are pouring in upon the American commission and the Zeppelin officials from persons in various parts of Europe who are desirous of having a joy ride in the dirigible airship ZR-3, which has been constructed here for the United States Navy when it cruises across the Atlantic Ocean to Lakehurst, N. J.

Many of these requests are coming from American tourists in Switzerland and other countries who have been reading of the trial flights of the airship.

Portland, Me., Sept. 8.—An apparently safe lead for Ralph C. Brewster, Republican candidate for governor was shown in returns from today's election from 515 precincts out of 633 in the state which gave Brewster 104,534 votes to 69,714 for William R. Pattangall, Democrat. Pattangall late tonight conceded Brewster's election.

In the same precincts, United States Senator Burt M. Fernald, Republican, seeking re-election for governor was shown in returns from today's election from 515 precincts out of 633 in the state which gave Fernald 101,692 votes to 61,627 for Fulton J. Redman, Democrat. These returns included ten of the twenty cities of the state.

Lack of work in the coal mines of the state was reflected in the comparatively small number of miners' delegates here. Although exact figures were not available, it was said miners had yielded first place in numbers to the Flat Janitors of Chicago. This delegation of Flat Janitors have brought several resolutions endorsing Governor Small for re-election. Their president, William Quesse, was sentenced to imprisonment during the Flat Janitors' strike.

## BONUS APPLICATIONS

There has been no such rush to file army bonus applications as was expected. One large city reports that of 56,000 service men only 17,000 applications have been distributed by the headquarters maintained by the American Legion for that purpose, and it is not believed that more than 15,000 have filed their applications. Other cities report varying degrees of indifference on the part of the veterans.

It may be that the nature of this particular plan for "adjusted compensation" is less popular with the service men than other plans that failed of enactment. Life insurance, even when furnished without expense, is not necessarily a subject arousing enthusiasm, as many an insurance agent will testify. Still, it is

surprising that there is not greater readiness on the part of the beneficiaries to take advantage of it. Though it may mean little to them directly, they should have a realization of the uncertainty of life and the desirability of leaving an assured amount of liquid property for their families.

## IMPROVED EUROPEAN MORALE

Perhaps the greatest benefit that the Dawes plan is conferring upon Europe is the improved morale which is manifest in all parts of the continent. Visitors to European countries report that never since the war has there been such a spirit of cooperation and optimism as now prevails. The relief that has come from a knowledge that a solution has been found assures the success of the plan. The people will never consent to go back to the pessimistic uncertainty that has prevailed for so long. Historians will list Gen. Dawes among the world's greatest benefactors, along with Secretary Hughes who initiated the idea and President Coolidge who contributed so helpfully to its realization.

## QUESTIONS ABOUT DEATH

"Babe" Leopold, the pre-cooked Chicago murderer, has prepared 10 questions which he says he will try to answer for the benefit of the living, if he is executed and finds himself still in conscious existence. They are:

"Are the experiences of human life carried into the hereafter?" "Is the intellectual or the spiritual and dominant note after death?"

"Is the absence of the physical being an advantage or a detriment to such intellectual or spiritual happiness?"

"Is the hereafter dimensional as on earth or is there complete omniscience?"

"Does one retain reactions to sensations registered on the mind previous to death?"

"Is life on earth a necessary precedent to life hereafter? If so, how long a life?"

"If the intellectual is dominant in the hereafter, is earthly knowledge adequate or insufficient to its enjoyment?"

"Is life on earth a correct balance of rewards and penalties or is there a higher judgment?"

"If life hereafter is spiritual,

are the cultural experiences on earth necessary? What of the savage mind?"

"What is happiness?"

If Leopold can answer these questions from beyond the grave, his death will be far more useful than his life has been.

## THE ED WILLIAMS' TENT SHOW PLEASES

The Ed Williams Stock Co. opened a week engagement last night to a capacity house with the great comedy success "Peggy O'Neill." The large audience was greatly pleased with the production.

Tonight the company announces a special performance of the great comedy drama entitled "Bad Wives," a play of unusual merit. The usual prices of admission are 35 and 15 cents but Mr. Williams has announced that he will cut the admission price on tonight's bill the same as on his opening night which will enable each lady to gain admittance for 25 cents when accompanied by one paid 35 cent ticket.

The Ed Williams Stock Company is a year around organization which has been enjoying a most successful season under a new name, the reason that they are playing in Jacksonville in a tent in the rear of the Post-office. The lads and vaudeville will be changed each night during the week.

ILLINOIS CONFERENCE  
OF METHODISTS OPENSPastors of Local Methodist  
Churches in Attendance.On Wednesday, September 10,  
the Centennial Session of the An-

nual Illinois Conference, Methodist Episcopal Church will open in Bloomington, Ill., to be in session from the 10th to the 15th, at the First Methodist Church, and the Wesleyan Gymnasium. Rev. F. A. McCarty, pastor of the Methodist church, will be host to the Conference. In observance of the Centennial meeting

the Central Illinois Conference will meet in joint session with the Illinois Conference, having its headquarters in Normal. Bishop William F. McDowell, D. D. LLD., will preside at the meeting of the Illinois Conference, and Bishop Edwin Holt Hughes, D. D. LLD., will preside at the Central Illinois Conference.

Friday, September 12, will be celebrated as Centennial Day, the hundredth anniversary of the organization of the Illinois Annual Conference, of which the Central Illinois and other Conferences were then a part. The Conference, which was organized in 1824, which included all of Illinois and nearly all of Indiana, has since branched into four divisions—the Rock River Conference being cut off in 1840, the Southern Illinois Conference in 1852, and

the Central Illinois Conference in 1856.

Rev. A. S. Chapman, of Jacksonville, is among the speakers for the Centennial Day, when he will address the Conference on "The Pioneers." Other speakers for this day include Governor Charles S. Deneen, Superintendent E. G. Blair and Bishops McDowell and Hughes. Their addresses will center around the central topic of "Builders of Illinois."

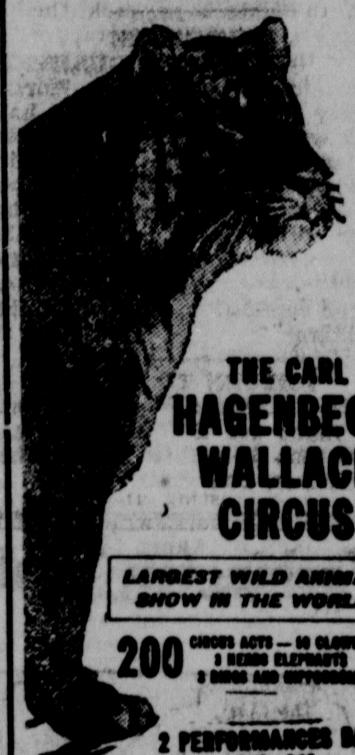

On Saturday morning, September 13, an address by Dr. J. R. Harker, of Jacksonville, President of the Illinois Woman's College, will be given, when Dr. Harker will speak to the Conference on "A Century of Educational Progress." An interesting feature of that day will be the staging of the historical pageant, "One Hundred Years of Illinois Methodism," which will be given Saturday evening.

Rev. J. A. Betcher, of Pawnee, will be the leader of song during the Conference sessions. The Conference regrets the death of Rev. W. S. Phillips, at one time Superintendent at the School for the Blind, whose singing was a feature of so many of the Conferences.

Thomas V. Hopper of Jacksonville, will attend sessions of the Conference as a member of the Executive Committee, and a Vice-President of the Conference. On Friday morning, September 12, Mr. Hopper will lead the devotional at the Conference session.

Over 1000 people are expected to attend the Conference, and a number of luncheons and banquets, as well as interesting instructive sessions are scheduled.

Among those from Jacksonville in attendance are Rev. A. S. Chapman, Dr. J. R. Harker, Rev. H. B. Lewis, Rev. C. D. Robertson, Rev. G. W. Randle, Rev. F. E. Bracewell and Rev. G. T. Wetzel.

## FEDERATION OF LABOR CONVENE IN ANNUAL MEET

(Continued from Page 1)  
was pardoned by Governor Small on the ground that Quesse had been the victim of conspiracy.

Four city firemen of Chicago, John O'Neill, John P. Hoff, Frank Mone and Frank McCaill introduced a resolution asking that President Walker and Secretary Olander of the state federation carry their protest to Mayor Dever, against the action of Fire Marshals Edward J. Buckley and John C. McDonnell, in refusing the Firemen's Union the right to send four delegates to their international convention at Kansas City, which opened today. "This attempt to interfere with and embarrass the rank and file of the Chicago fire department," the resolution said, "is an indication of czar rule and a flagrant denial of the rights of civil service employees to conduct a lawful organization." It asks that he may be requested to instruct the fire commission to issue such orders to the fire marshal as will eliminate such interference in the future.

Concluding the first day's session, President Walker announced names of committee chairmen. He named Frank Farrington of Streator who is running for re-election as president of the Illinois Mine Workers as chairman of the resolutions committee, this committee is the most important, in that it may influence the trend of debate by favorable or unfavorable action on resolutions.

Communists are believed to number between 12 and 20 among the delegates. Their spokesman indicated tonight that they did not expect to take such an important part in proceedings as at last year's convention in Decatur. They and their friends, however,

## WASHINGTON PLANS GRAND RECEPTION FOR WORLD FLYERS

(Continued From Page One) dinner tomorrow night and unless some unforeseen circumstances prevent the ships will be off again Wednesday morning to McCook Field, at Dayton, Ohio, on the first stage of the 3,000 mile lap to Seattle, that will alone stand between them and the actual accomplishment thru American pluck and energy of the first circumnavigation of the globe by air.

The president can revoke bail," Mr. Sandler said, "and if bail is revoked Firpo can be confined on Ellis Island until the hearing."

## OFFICIALS SEARCH FOR THEFT EVIDENCE

Postal, Railroad and Police Authorities Work On Evidence Concerning Theft of Mail Sacks at White Hall.

White Hall, Sept. 8.—Postal, railroad and police officials are working on evidence concerning the theft of two pouches of mail and some sacks of parcel post from the Burlington railroad station between 4 and 5 o'clock this morning. The mail was taken from the men's waiting room, entrance being effected by forcing the east window. Nothing else is missing. It is believed that the mail was carried away in an automobile. The robbery evidently occurred after the night operator, E. H. Shepard, has gone off duty after the departure of the south bound passenger at 4 a. m. A Ford truck was seen moving east on Lincoln street shortly after 4 o'clock, and this route would take the culprits to the station from the north. Some suspects were seen about town Sunday evening, and local officials were keeping watch up town in a special way, but resume for an extra policeman was not carried out.

The machines came out of the north in "V" formation.

When over the battery and the Statue of Liberty they separated and circled about. For five minutes they furnished a super-spectacle for the throngs in the financial district. Then they turned toward Mitchel Field.

## FRANKS VERDICT ALL READY FOR COURT OPENING

(Continued from Page 1) arise and move for permission to withdraw the plea of guilty and throw the case before a jury, should the judge's message indicate an intention to hang the defendants. Precedent is furnished in the case of Russell Scott, who is now awaiting trial after having pleaded guilty to murder. The court had permitted the change in pleas after the record showed a technical error.

A sanity hearing may also be asked for Leopold and Loeb on the grounds that they might have become insane since the hearing was concluded.

Judge Caverly is resting at his hotel apartment until Wednesday being constantly attended by a police guard. This extra precaution has been taken, it was said because of the unusual number of "crank" letters the jurist has received since the hearing was concluded.

The limit of 150 freshmen at Illinois college has already been reached in the number of reservations made, and there is a constantly growing waiting list. The registration at the opening of college this year will probably be well above 400, if all students of the upper classes who are expected to return to school.

Clarence and William Gunnell of King City, Mo., were Saturday guests of Mr. and Mrs. Fred Kinner.

Mr. and Mrs. B. R. Bishop and little daughter and Paul Roach of Jacksonville visited in Woodson Sunday afternoon.

Friends of Mrs. Louise Henry will be glad to learn that she is improving in health.

Mrs. J. T. Self will be hostess to the Household Science club Wednesday afternoon. The roll call will be answered with the naming and location of an American college.

The Missionary Society of the Christian church will observe "Unanimous Day" at the church on Tuesday evening, September 16. The society will give a pageant and program consisting of music and readings after which refreshments will be served. The public is invited.

Mrs. John Hoagland was called to Jacksonville by the death of her sister, Mrs. James Cunningham.

Mr. and Mrs. S. J. Baxter visited at the home of Mrs. Hannah Hembrough Sunday afternoon. Mrs. Baxter's mother is suffering from a fall sustained last week.

The Henkel Construction Co. has started laying concrete at the curve south of here with a large force of workers and equipment.

W. E. Crane, president of the Illinois Steel Bridge Co., is making a brief business visit in the city.

## FIRPO EVIDENCE IS TO BE PRESENTED TO PRESIDENT COOLIDGE

Many Other Influences Are Being Brought to Stop Wills Fight

NEW YORK, Sept. 8. (AP)—President Coolidge will receive the evidence of Canon William S. Chase, upon which he bases his demand for the deportation of Luis Angel Firpo, Argentine heavy weight tomorrow. Three days hence Firpo is scheduled to meet Harry Wills. Announcement that Canon Chase had obtained an appointment at the white house was made by his attorney, Bernard H. Sandler.

Tomorrow, also, if Mr. Sandler's information is correct fire from another quarter will be directed against the heavyweight bout. Representatives of the New York-New Jersey State Council of Churches, the Hudson County Sunday School Association, the Hudson County Women's Christian Union and members of the special prize fight committee of the Clergymen's Community Club of Jersey City were in conference with Mr. Sandler today and reviewed all the evidence obtained by Mrs. Chase. It was said that steps to prevent the bout would be taken not later than tomorrow. All the allegations against Firpo are based upon his alleged relations with Miss Blanca Lourdes Picart, a passenger on the steamer which brought the Argentinian to America early in the year.

The president can revoke

bail," Mr. Sandler said, "and if

bail is revoked Firpo can be

confined on Ellis Island until the

hearing."

## HEAVY STORMS IN ARKANSAS REPORTED

PINE BLUFF, Ark., Sept. 8. (AP)—Meager reports received here tonight told of a severe wind and hail storm which swept portions of Jefferson and Lincoln counties late today causing an estimated damage. Telephone lines were put out of commission and communication with the affected area was impossible.

One report was to the effect that a tornado had swept a small area of Jefferson county, about ten miles south of this city, Star City, county seat of Lincoln county, was isolated late tonight and efforts to establish telephone and telegraph communication with the storm area proved futile.

Hockey and basketball will be

the chief sports emphasized in

the new courses. The young lady

who will be instructor in this

work has been studying abroad

this summer and comes to teach in

the special work she is to teach.

## Menus for a Family

SISTER MARY

Breakfast—Peaches with cream, ready to serve cereal for the members of the family over six and cooked cereal for those under-tossed whole wheat bread, fish hash, milk coffee.

Luncheon—Boiled rice with poached egg, spinach, fruit salad, milk, iced tea, whole wheat bread and butter sandwiches, salad rolls.

Dinner—Vegetable soup, cold boiled corned beef, baked squash, cucumber salad, apple custard, coffee, milk.

Serve plain sliced, perfectly ripe peach to the young person of six or seven years and the juice of the fruit to the four or five-year-old.

The soup, squash, custard, bread and butter and milk should form the dinner for any child under 13 years. If a child has carried his luncheon to school a broiled lamb chop may be prepared specially for him but if the lunch basket is packed with care and thought this extra at dinner will be quite unnecessary.

The fruit salad, iced tea and salad rolls suggested in the lunch menu are for grown-ups only.

**BOLLED RICE WITH POACHED EGG**

One cup rice, 8 cups boiling water, 2 teaspoons salt, 1 tablespoon butter, four eggs.

Wash rice thru many waters. Add slowly to rapidly boiling salted water. Boil until tender. The length of time for cooking rice depends on its age. New rice cooks more quickly than old rice. When a kernel of rice is soft when pressed between thumb and fin-

ger the rice is done. It will take at least half an hour to cook rice. Drain in a colander and pour thru rice 2 quarts boiling water. Melt butter in a tightly covered kettle, add rice and shake well. Cover and let stand in a warm oven or beside the fire until the kernels separate.

Spread on a hot platter, make four depressions and in each drop a poached egg. Serve with cheese sauce.

**CHEESE SAUCE**

Two tablespoons butter, 1 1/2 tablespoons flour, pinch mustard, 1/2 teaspoon salt, 1 1/4 teaspoon paprika, 1 cup milk, 1 1/2 cup finely chopped cheese.

Melt butter and stir in flour mixed with mustard, salt and paprika. When smooth, slowly add milk, stirring constantly. When thick and smooth add cheese and cook over hot water until cheese is melted. Serve in a sauce boat.

**POACHED EGGS**

Melt enough butter in a frying pan to make the bottom very shiny. Fill pan two-thirds full of boiling water. Add from one to three teaspoons salt. Reduce the heat to keep the water at the boiling point but not bubbling when the eggs are dropped in. Break each egg into a saucer and slide carefully into the scalding water. Cover and cook until the tops are white. It will take about eight minutes. Remove from the water with a buttered perforated skimmer. Perfectly fresh eggs must be used for poaching.

Being a simple country girl, Myra was flattered by the attentions of rich young Mr. Leland—especially so since all the other girls had set their caps for him. In her innocence and ignorance, she did not dream that his gallantry was sincere—she could not foresee the startling train of events to which her admiration for this man was to lead.

## FROM PERSONAL EXPERIENCE

**Mrs. Bradford Recommends Lydia E. Pinkham's Vegetable Compound**

Phoebe, Virginia.—"Having this opportunity I just cannot refrain from saying a word of praise for the Lydia E. Pinkham medicines. I have used them as occasion required for twenty years, and my three sisters have also used them, and always with the most gratifying results. During the Change of Life I had the usual distressing symptoms—hot flashes, insomnia, etc., and I am pleased to testify to the wonderful results I obtained from the Vegetable Compound. I heartily recommend it to any woman and I will be pleased to answer any inquiries that might be sent to me through the publication of my testimonial."—Mrs. H. L. Consider carefully Mrs. Bradford's letter. Her experience ought to help you. She mentions the trials of middle age and the wonderful results she obtained from Lydia E. Pinkham's Vegetable Compound.

If you are suffering from nervous trouble, irritability, or if other annoying symptoms appear and you are blue at times, you should give the Vegetable Compound a fair trial. For sale by druggists everywhere.

**SCHOOL ENROLLMENT  
FOR CITY IS NORMAL**

First Day of School Registration Shows Little Increase—Expect H. S. Freshmen to Be Less Numerous

More than 2,300 children have returned from a four weeks' trip to Canada and eastern cities. Mr. Reeve left the city to attend the convention of the Knights of Pythias, as a supreme representative of the state of Illinois, which was held from the 10th to the 20th of August. After attending the Canada convention Mr. and Mrs. Reeve visited other points of interest in Canada and the United States.

They proceeded from Toronto by boat on the St. Lawrence river to Quebec and thence to St. John's to Halifax. While on the St. Lawrence Mr. and Mrs. Reeve were privileged to visit England's largest battleship, H. M. S. Hood. They were very much impressed with the immense size of the ship which is said to be the largest in the world. It is 864 feet in length, 100 feet in width and carries four 16 inch guns.

After their voyage up the St. Lawrence river, the travelers proceeded to Boston and thence to New York City where they spent three days visiting places of interest besides a day on the Hudson river.

They visited Philadelphia where they viewed the old state buildings and among other things of interest, the Liberty Bell. Washington, D. C., was the next stop of Mr. and Mrs. Reeve where they were privileged to call on President Coolidge. Three days were spent in a visit in this city. After a short visit with friends in Pittsburgh Mr. and Mrs. Reeve returned to Illinois.

ASK WATER SERVICE**

Petition To Receive Later Consideration—Complaint Night at City Council—Officers Reports Filed.

At the city council session Monday night ordinances were read for a stretch of water main on North Diamond street and another on Edge Hill Road. Mayor Crabtree was authorized to enter into a contract with certain land owners near Mauvaisterre lake for a proposed arbitration of damages sustained to their land when the spillway at the lake was raised two feet in order to increase the capacity of the lake.

When Mayor Crabtree called the council to order City Clerk Scott reported Alderman Chapin, Sorrells, McGinnis, Blesse and Chumley present.

The North Diamond street water main will extend from West North street to Lafayette avenue and Engineer Henderson's estimate of the cost is \$1,078. The water main on Edge Hill Road will run from Diamond street to Gladstone and the estimated cost is \$2,276.

It was an evening of complaints and Alderman McGinnis wanted to know why the laying of certain sidewalks on Sherman street and Hooker street had not been pushed. Then Alderman Blesse asked about the water main for Cox street, Hockenbush street and Ashland avenue. Alderman Chumley said that people on South Mauvaisterre street were anxious for water facilities.

Dr. Edward Bowe made complaint about the open ditch for the new main extending from the water plant along Superior and Gorla avenues. He said that following every rain the ditch is dangerous and that children might easily fall in and drown. He thought that every block of the pipe should be tested and the danger of the open ditch removed.

Alderman Chapin said that testing had not been done because the city's valves are not in condition until they are repaired, and further that the open ditch was not the fault of the contractors. The doctor thought that if the valves were not in order that some other way should be found to plug the pipes and have the danger of the open ditch removed.

A petition was read from residents of Mound avenue living outside the city limits, asking that the city sell them water if they put in the pipe and connections.

The petition was signed by a large number of residents. Alderman Chumley made a motion that the petition be received and placed on file, which would be equivalent to ignoring it. He said that many of the people who live on Mound avenue has chosen that as a place of residence in order to avoid taxation in Jacksonville, and that he was not in favor of affording them the facilities of the city.

Mayor Crabtree said that several of the residents to whom he talked were willing for the corporate limits to be extended further west so that they would be entitled to all the privileges of the city. Then it was decided that the whole matter should be taken under advisement until another meeting, and meanwhile some of the property owners will be interviewed on the question of annexation.

Mayor Crabtree was authorized to enter into a contract with R. S. Wood, J. J. Lukeman, George T. Lukeman, J. R. Middendorf, J. B. Morthole, W. Holley, C. H. Story, Marcus Hulett and Mrs. Martha Routt, who have lands which were overflowed when the spillway at Mauvaisterre lake was raised. If the property owners agree to the plan the city will select one arbitrator, the property owners another and the two the third.

**Officers Reports**

Officer's reports were received as follows:

H. C. Clement, city treasurer, reported balance in the general fund of \$406,53.

Chief of Police Kiloran reported 43 arrests made during the month. The list included assault cases 3, traffic law violations 5, drunkenness 12, disorderly conduct 3, petit larceny 2, delinquency 8.

A. B. Opperman, justice of the peace, reported fines and costs \$280,33.

J. E. Scott, city clerk, reported the following collections: from Diamond Grove cemetery \$3,266.56; (This sum included \$2,500 paid by the Mansome Co.); Jacksonville cemetery \$119; City Clerk's office \$948.17.

W. H. Cobb, water superintendent, reported water sold for the month to a total of \$5,713.05.

Harry Summers, sexton of Diamond Grove cemetery, reported 19 graves made during the month and John Pires, sexton of Jacksonville cemetery, reported 6 graves made.

**RETURNS FROM VACATION**

Miss Alma Mackness, of 1303 West College avenue, returned Sunday night after two weeks, which she spent in Denver and other Colorado cities, and in St. Louis as the guest of her sister, Mrs. R. S. Jannapauda.

William T. Hayden of East North street spent Sunday in Springfield.

**Disciples Of Christ  
In Annual Convention**

"The seventy-fourth annual Illinois convention of the Disciples of Christ held its first session Monday evening. Weather conditions were favorable and a splendid audience was in attendance.

The evening session opened with an enthusiastic song service led by W. E. M. Hackleman of Indianapolis. Miss Alice Mathis was at the organ. The evening prayer was made by L. A. Crown of Princeton.

Major E. E. Crabtree made the address of welcome. He first called attention to the city of the old days when walls were erected and gates were locked, and then spoke of the change that has taken place, so that to-day, guests come and go at will through our city. He declared that Jacksonville had always been a city of service, and recalled the coming years ago of a band of Yale students who with a vision of the future and a will to work, came and began the organization that developed into Illinois College as we know it to-day. Among this same group were others who went before the Illinois legislature and secured the necessary steps that led to the establishment of the State Hospital for the insane.

Later came the establishment of the State School for the Deaf and still later, through men especially interested in the welfare of humanity, was erected the State School for the Blind. Mr. Crabtree pointed out that these institutions stood as living testimonies to the unselfish labors of men who had been typical citizens of Jacksonville. In closing he said: "I am always glad to give a hearty welcome to groups of men and women who have as their aim, services for others. We welcome you to our city this convention. We shall try to make your stay with us as pleasant as when you leave you will still treasure the memory of happy profitable days spent in our midst. We want you to think of us after you have returned to your homes, as an unselfish town, a good town, a religious town. We welcome you one and all."

**Other Days Recalled**

Rev. Edward S. Priest, of Petersburg made response to Mayor Crabtree's address. He reminded the audience that there was a time when men and women gathered together in worship, without a welcome from the officials of state or city. They received no such spirit of welcome from city officials, but instead were imperiled by the very act of worship and in danger of stoning and imprisonment. He concluded, in keeping with the reputation Jacksonville had, the Disciples fully expected a hearty welcome.

Mr. Welch, secretary of the Chambers of Commerce followed the Rev. Mr. Priest and voiced the willingness of the Chamber of Commerce to put itself at the service of the convention. He paid tribute to Rev. M. L. Pontius, minister of the local church and said the only thing he had thus far asked for was cars to take the 300.

**PLenty of MUSIC IN  
DEFENSE DAY PARADE**

Committee Plans Military Demonstration and Program for Friday Evening—Speakers to Address School Children.

Arrangements for an elaborate parade here Friday evening in observance of National Defense day were completed last night at a meeting of the committee in charge. Three bands and two bugle and drum corps will furnish music and all military units and organizations in the city will be in the line of march. The parade will start at 7:30 o'clock. A reviewing stand will be erected on the north side of the square, in which will be seated the officers of the military units in the city.

The Community band, the I. S. D. band and the local colored band will be in the parade, also the scout bugle and drum corps and the recently organized bugle and drum corps of the American Legion.

Eight speakers are being provided to address the school children in their respective schools on Friday morning. An out-of-town speaker will be secured for a public meeting around the reviewing stand after the parade. There will also be a community sing and several vocal solos.

The speakers will meet on Wednesday evening and the full Defense day committee will make its final arrangements on Thursday evening.

**DR. BLACK ADDRESSES  
ADAMS COUNTY SOCIETY**

Dr. Carl E. Black was the guest of the Adams County Medical society last night when he spoke to them on the subject of the monthly clinic which has been held in Jacksonville for three years. Adams county is considering establishing such a clinic, it is understood. Dr. F. A. Norris and Dr. H. A. Chapin were also guests of the society and drove over with Dr. Black.

**THE BIG DANCE  
WEDNESDAY NIGHT  
NICHOLS PARK**

delegates a trip over the city. He assured the audience that the Chamber of Commerce would be glad to render this service and more if called upon.

John I. Gunn of Arcola, made the concluding address of the evening session. This stirring address kindled appreciation for past blessing and was also a challenge for greater work by the church in the future. He spoke briefly of the great strides of progress made in Illinois during the past hundred years; of the clearing of millions of acres of ground, draining many hundreds of thousands more; threading the land with railroads and erecting schools and churches in every community. But he declared that great as had been the progress made along physical lines, that the progress in intellectual and spiritual matters had been still greater. He paid tribute to the many institutions that had contributed to this progress, and mentioned particularly the Illinois Christian Missionary Society as one of the outstanding organizations that had been a blessing to the state.

In the booths maintained by the different publishing houses are an elaborate display of latest books along educational and religious lines. The following organizations have booths at the church. The Hackleman Book and Music Supply Company of Indianapolis, Indiana; Christian Board of Publication, of St. Louis, Mo.; The Standard Publishing Co., of Cincinnati, Ohio; The Illinois Disciples Foundation of Champaign and the Christian Women's Board of Missions. Within these booths are a splendid collection of books, magazines and music.

**Today's Session**

The Tuesday session will open at 9:00. Song service will be led by Prof. Hackleman. Among the speakers of the forenoon session will be Rev. Robert M. Hopkins of St. Louis, Mo., Rev. Thos. Spencer Cleaver, of Eureka. Beginning at 10:30 will be a conference of Department Groups. Those who lead in the different departments will be Miss Florence Carmichael, (Elementary) Genefreda Harris, Indianapolis, (Secondary) and Rev. Robert M. Hopkins, St. Louis, (Adults).

At 11:30, A. F. Stahl, of Quincy will deliver the convention sermon.

**Notes**

The Central Christian church where the convention is being held has spared no labor in providing for the comforts and conveniences of the delegates. Facilities for registration are complete in every detail. A check room is conveniently located where all parcels may be left. A post office has been provided at the local church.

There is also a pleasant rest room within the church. The members of Central Christian church have opened their homes to the delegates attending. Entertainment will be provided for all whom come. In short the local church has made every effort to give a hearty welcome to the visitors. A goodly number of delegates arrived in the city in time for the first session and are expected today to bring to total to 300.

**FORMER RESIDENT  
DIES IN THE WEST**

Mrs. Charles Rafferty Passed Away at Los Angeles, Calif. After Long Illness—Left This City in 1918.

Friends here have been advised of the death of Mrs. Charles Rafferty, who resided in this city for a long period of years. The death of Mrs. Rafferty occurred in Los Angeles, Calif., Aug. 25, after an illness of several years.

It was in 1918 that Mr. and Mrs. Rafferty left this city and they have since made their home in California. The deceased was a member of the Ladies Auxiliary to the Engineers, Slater Lodge No. 44 of Slater, Mo., and an active member of the M. E. church. During her residence in this city Mrs. Rafferty was a member of Centenary M. E. church and was a devoted Christian.

Last March Mrs. Rafferty was stricken with paralysis and since then her condition had grown steadily worse. She was possessed of a cheerful, hopeful disposition and this spirit was maintained thru the long period of illness.

Surviving are the husband, Charles Rafferty, and the following brothers and sisters: W. R. Wright, Los Angeles, Calif.; M. Wright of Kansas City, Mo.; Mrs. David Wood, Long Beach, Calif.; Mrs. Emma McFalls, Tremont, Ill.; Mrs. C. C. Marshall, Tell City, Ind., and Miss Cora Wright, Belleville, Ill.

Funeral services were conducted from the John R. Paul Co. chapel at 3 o'clock August 27, and burial was made in Forest Lake cemetery.

**FORMER RESIDENTS ON

Give the children WRIGLEY'S after every meal

A prominent physician says:

"It is surprising how free from decay the teeth can be kept by using gum after each meal."

You know how hard it is to get the children to clean their teeth. By giving them WRIGLEY'S you not only reward them for cleaning their teeth, but the reward is actually the means of performing this important service!

WRIGLEY'S aids digestion too, and acts as an anti-septic wash for the mouth and throat. Several flavors—all of WRIGLEY quality.

## ACCEPTS POSITION IN FLORIDA

Miss Marian Munson, a member of the Jacksonville High School faculty last year, writes that she has accepted a position as Domestic Science teacher on the high school faculty at Sebring, Florida, and will spend the winter teaching in that city.

Another interesting enterprise, in which Miss Munson is engaging in a small way is that of a fruit plantation, having purchased a ten acre tract of pine timber, which she is having cleared, and will set out in mangoes, tangerines and oranges. She writes that she is making her home with Dr. and Mrs. Henry Kirby, former Jacksonville residents.

Mrs. G. S. Owens, and children of Palmyra spent Monday in the city.

## Billy Evans Says

Smith's Men Defeated 4 to 1 in Sunday's Game — Thornley Pitches Wonderful Ball and Has Good Support.

It was a case of too much Beardstown, and especially too much Thornley at South Side park Sunday afternoon, the Indians suffering defeat 4 to 1 in one of the best games of the season, and before one of the best crowds. Thornley had Smith's men at his mercy at practically all points of the game, allowing but two hits, while Fryman was touched for a total of seven during the contest. The visiting pitcher also had a trifling better support in the field than did Fryman. On the other hand, Fryman had a record of seven strikeouts to Thornley's four, but was more liberal with his passes, allowing three to Thornley's one. French's overthrow to second in the fifth inning gave Beardstown one of their tallies but he atoned in part for that by accepting three hard chances in center field.

Clark and Wilson were the only two finding the twisters of Thornley, Wilson's blow going for two bags. Wilson came home for the only run on Lowder's sacrifice.

For the visitors the hits were well divided. Swan getting two and the other five being distributed among the other players.

## DODGERS ARE HALF GAME BEHIND GIANTS

Pirates Can Pass Either Team Before Finish—Senators And Yankees Have Equal Number of Contests Before Finish.

NEW YORK, Sept. 8.—Brooklyn tightened the gap with New York and itself to one half game today as Dazzy Vance won his thirteenth consecutive victory. Pittsburgh did not play and remains two games behind first place.

Washington retained its two game advantage over New York in the American League as the teams took to the road to finish the season. Ruth's forty fourth homer, scored Dugan and furnished the only Yankee scores over Boston as Joe Bush held the Red Sox scoreless and to two hits.

Often a manager must gamble with a rookie, almost concede defeat, in preference to breaking up the routine of his staff by indiscriminate use of certain pitchers.

QUINCY PAIR LEAD IN GOLF TOURNAMENT

Galesburg, Ill., Sept. 8.—Weems and Adams of Quincy with scores of 84 and 90 were leaders in the golf tournament held here today as a feature of the Kiwanis district convention. Play will be completed tomorrow but other scores are far behind those set by the Quincy men. A get together in Seymour Hall, Knox College was the main event on tonight's program. It was followed by a group conference and dance.

## GRAND CIRCUIT DRIVER FATALLY INJURED

Syracuse, N. Y., Sept. 8.—Thomas Hinds of Goshen, N. Y., veteran Grand Circuit driver received fatal injuries late today when Bonnie Del, the horse he was driving, collided with Tommy Murphy's Clyde. The Great at the quarter mile turn in the second heat of the 2:45 trot at the New York State Fair.

In helping to carry out his profession as to Johnson and relief work he has gone to the other extreme with certain pitchers.

For instance, take Allan Russell. He is one of the best, if not the best, relief man in the American League. That is Russell's job with Washington. He is never called upon to start games.

Russell has been told that relief work is his job for the season and he is performing nobly in that respect.

Pitcher Fred Marberry, aside from starting games, is the National's second best relief twirler. This recruit pitcher has been a big help to Manager Harris.

One of the reasons for Washington's fine play, and the success of Stanley Harris as a manager, can be traced to his wise selection of pitchers.

For some of them he picks the pros. Others are regarded as starting pitchers, a certain few as finishers.

System seems to be the keynote of the success that has come to the Washington club.

## ROBINS TURN TABLES ON LEAGUE LEADERS

Dazzy Vance's Great Pitching Helps to Win Game 7 to 2 Within Half a Game of Leading Giants

NEW YORK, Sept. 8.—Brooklyn turned the tables on New York today, won the second and last game of their series, 7 to 2 and jumped back to within a half game of the league leading Giants.

A strong pitching by Vance, brilliant behind their great mound ace, Dazzy Vance, Brooklyn turned the tables on New York today, won the second and last game of their series, 7 to 2 and jumped back to within a half game of the league leading Giants.

Displaying all the fire and dash that has carried them through the greatest winning streak any club has had this season, Brooklyn outplayed and outgeneraled McGraw's champions. Superior work in the field and timely hitting were the factors that carried them to victory.

DeBerry's home run drive against the upper left field grand stand, with Griffith on base gave the Robins their winning margin in the fifth inning, as it turned out, but Robinson's crew added steadily to their lead afterward while the Giants battled gamely but ineffectively. Besides DeBerry who had a perfect day at bat, the Robins' assault was led by High, twirling for New York, held the Red Sox to two hits.

Vance held the Giants to six hits and added six strikeout victims to his long list. He was hit hard, however, in the third and

fourth, when the Giants scored the only runs, chiefly thru Jackson's triple and Young's double and had narrow escapes from further damage in the fifth and sixth innings.

Score:  
Brooklyn .000 120 211—7 11 1  
New York .001 100 000—2 6 2

Vance and DeBerry; Nehf, Ryan and Gowdy, Snyder.

## ATHLETICS DEFEATED BY SENATORS 8 TO 4

PHILADELPHIA, Sept. 8.—The Washington Senators opened a brief series in Philadelphia today by sending the Athletics down to an 8 to 4 defeat. The veteran Walter Johnson worked easily behind the lead his teammates piled up in the opening innings and was never in serious trouble.

Both Ohio cities were formerly in the league and it is said those now holding franchises will vote for their re-entrance.

## WHITE HALL CHURCH PLANS A REVIVAL

First Baptist Church to Begin Special Revival Series Wednesday Evening—Church Has Made Good Record in Past Years.

White Hall, Sept. 8.—Preparations for a revival campaign in the First Baptist church will have consummation Wednesday evening with the beginning of the sessions in earnest with the presence of Dr. Hurley of Chicago, who is being recommended as a preacher and revivalist of exceptional merit and ability. The party of singers will arrive Saturday, and it is planned to carry forward the work at least three weeks.

Statistics that have been prepared and printed following the recent sessions of the Green-Jersey Baptist Association in this church shows that the First Baptist of White Hall leads in important respects over the other Baptist churches of the two counties. The First Baptist church was founded in 1828 while the Kane church antedates this date by three years. The total membership is 457, while the Jerseyville church reports 569. Roodhouse 432 and Carrollton 338.

COLLEGE OF MUSIC  
Illinois Woman's College  
Seventy-Ninth Year

Registration Days—September 15 and 16  
College Opens September 17

In these days of Jazz and Dancing, Orchestras, people everywhere are beginning to realize the importance of educating children to the appreciation of better music. How shall it be done? What can be done to combat the sinister influence of "Jazz" and "Ragtime?" The question is easily answered—simply present and teach fine music in such a way that it may be enjoyed and appreciated by any normal young person.

The College of Music, Illinois Woman's College, teaches the pupil

How to Think  
How to Practice  
How to Memorize  
How to Play

Individual instruction is given by a distinguished and conscientious faculty. A Children's Department, with free theory, and eurythmic classes is provided under expert instructors. Class instruction for beginners in piano and violin at nominal prices.

Child Culture, Musical Kindergarten for children from three to six years of age.

Lessons are available at either the College of Music or West Side Studio.

For further information call the main college office or Director Pearson.

The total value of the White Hall property is placed at \$50,000, including parsonage, while Jerseyville shows a total valuation of \$60,000. The grand total expenditures for all objects at White Hall during the past year is \$9,994.33, exceeding that of any other church in the association. The pastor is Rev. L. E. Ellison, who ascribes the wonderful advancement during the past three years to the influence of the men's movement, the Men's Bible class being the largest in this section of the state.

This showing does not take into account the operation of another Baptist church in White Hall, the Tabernacle Baptist, under the pastorate of Rev. Homer Evans. Rev. Evans and Rev. J. O. Raines are at the present time engaged in a revival campaign under a large tent in the Ceres neighborhood, twelve miles east of Roodhouse.

Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines

The American War Mothers have chapters in 26 states in the Union.

It is estimated France lost 1,364,000 men killed in the World War.

The peace strength of the Cuban army is 579 officers and 10,748 men, and the personnel of the navy, 144 officers and 807 men.

Mrs. H. H. McCluer, of Kansas City, Mo., president of the American War Mothers, has pledged the observance of National Defense day, September 12.

General Pershing, who retires from active service September 12, will receive \$10,125 annually, instead of his present pay of \$13,500 and allowances, a total of \$21,500.

Approximately 10,000 members of the First Division are expected in Washington, D. C., for the reunion October 3 to 5, during which the distinctive First Division monument will be unveiled by President Coolidge.

Father John J. Sullivan, of Boston, chaplain for the American aviation corps in France during the World War, recently flew from New York to San Francisco. Along the way he visited parents of aviators for whom he read the burial service when they fell in action.

There are 31 colleges in the United States designated as distinguished colleges. A distinguished college is selected by War Department inspectors who base their decision upon the efficiency of its reserve officers' training corps unit and facilities for military training.

The President of France recently conferred the cross of Commander of the Legion of Honor on Colonel H. H. Harjes, former commander of Paris Post of the American Legion in recognition of the services he rendered the French nation during and since the World War.

In Japan military reservists' organizations want to hold a "National Drill Day," October 23. The event, it is announced, is to be officially proclaimed annually as a festive day at the national military shrine of Yasukuni of Tokio, and would be similar to the American "Defense Day."

The world's smallest airplane, the Alouette, constructed by Lieutenant Donald Phillips, recently flew 1,300 miles. The plane has a wing spread of 18 feet and weighs 480 pounds with the motor. It has a speed capacity of 105 miles an hour and carries a fuel supply for four hours, flying at full speed.

Notwithstanding the loss of men during the World War, post-war Austria is not much different in proportion of its male and female population. Recent figures show that for every 1,000 men in Austria there are 1,078 women, while in 1910 there were 1,023 women to each 1,000 men.

Armies in future wars will be equipped with more than 1,000 different kinds of poison gases. The number of gases used in the World War was about 30. One of the most terrible gases discovered is one which causes a fatal lesion of the heart but which is entirely painless in its effects, so that the victim remains ignorant of his fate until he drops dead.

Urban Bergoron, a battle-scarred veteran of the World War returned to his home in Menasha, Wis., three times and was unrecognized. He was reported dead and listed as buried on the battlefields of Crateau-Thierry. Bergoron was found in New Orleans after a search of several months, ill from his wounds. Doctors say he can only come through by the care of his people.

The United States Memorial stadium, under construction at the infantry school, Fort Benning, Ga., when completed next year will be the largest athletic plant in the military service. The reservation comprises over 97,000 acres. The stadium is being built by the regular army infantry, the funds contributed by regiments of the army and their friends. The bowl will be of concrete about 1,000 feet long.

## NEGRO MINSTRELSY UNDERGOES CHANGE

Negro minstrelsy has undergone a remarkable evolution in the past few years. The Russo & Hockwald's Famous Georgia Minstrels that appear at the Grand Theater, Saturday afternoon and night, is the most remarkable evidence of its many changes and stages of perfection it has attained under the wideawake management of American brains, pluck, energy and capital.

Since the advent of this enterprising firm in this line of entertainment a new impetus has been given to it and today it is one of the most popular forms of amusement before the public. It cleverly caters to all tastes and ages and carefully avoids giving offense to any.

The love of good, wholesome fun is an attribute of the American temperament, and on these lines the Russo & Hockwald's big show is put together. It is a language intoxication from start to finish, not one dull moment from the rise of the curtain to its fall; each act is different and no surfeit of any one act. Not a moment of mediocrity in the whole bill of entertainment. The acts are of high standard and embrace singing, dancing, comedy, gymnastics, aerialists and quartettes. A number of bright, original entertainers furnish a feast of fun with their own creative wit, among whom are many well known comedians.

Polarine  
THE PERFECT MOTOR OIL  
Made in Five Grades

Is Only 2% of Your Operating Expense—But

—Perhaps you do not stop to realize that that 2%, small as it seems, is a big factor when it comes to depreciation 30%, repairs 30% and fuel 15%—all of them are affected by that little 2% for oil.

Startling, isn't it?

Polarine will save you gasoline—save a large percentage of repairs—reduce depreciation—and increase the resale value of your equipment.

Thousands of fleet owners, who run taxis, busses or trucks for profit and who must keep accurate detailed operating cost records, pay close attention to lubrication. These business men figure cost of repairs, lost time, cost of fuel and every other item of expense. The price of oil may be a consideration, but the efficiency of the lubrication effected is the controlling factor. Because it keeps down all operating costs, these men use Polarine.

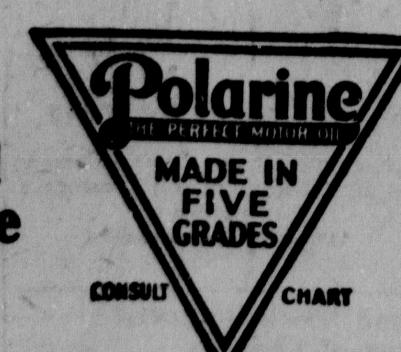

Correct lubrication is a prime essential—poor lubrication is false economy—and particularly so, now when science has perfected Polarine, an oil made in five grades, to meet all conditions.

Polarine maintains its body at the operating temperature of your engine. The type of lubrication and cooling system; its piston clearance and general design, all have been taken into consideration.

Consult the chart. The right grade of Polarine specified for your car will minimize carbon deposit and will form a perfect film between the frictional surfaces—a film which resists both heat and wear.

Fill up with Polarine now. Drain your crankcase every 500 miles and refill with fresh Polarine.

Don't abuse a good machine. Oil is cheaper than cylinders and bearings.
